Third Crop Phosphorus Reduction Effort

The cover crop was aerially seeded on the Ackermann property on August 29, 2015. The seeding was done by Crop Dusters LLC, Yankton, South Dakota. Loading and fueling, as well as takeoff and landing were done at the Jackson airport. Assisting with the seeding were Dave Christoffer, Jerry and Nancy Ackermann, and Terry Post.

The Christoffer property was seeded on August 29, 2015. The seeding was done by Crop Dusters LLC, Yankton, South Dakota. Loading and fueling, as well as takeoff and landing were done at the Jackson airport. Assisting with the seeding were Dave Christoffer, Jerry and Nancy Ackermann, and Terry Post.

The Perkins and Hansberger properties were seeded on August 30, 2015. The seeding was done by Crop Dusters LLC, Yankton, South Dakota. Loading and fueling, as well as takeoff and landing were done at the Worthington airport. The Hansbergers and Perkins worked together and loaded the seed bags into the seed tender and assisted with loading the plane.
